DETAILED ACTION

Claim Objections

Claims 3 and 5 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim.

Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. The limitations of claims 3 and 5 have been incorporated into claim 1.

Claims 16-17 are objected to because of the following informalities: claim 16 depends on claim 6 that has been canceled. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claim 1 recites the limitation "the dual mode amplifier unit" in the body of claim.

There is insufficient antecedent basis for this limitation in the claim.

2. Claims 1, 10 and 23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1, claim 1 recites limitations such as "wireless LAN-compatible mode", "second wireless LAN mode", "second wireless LAN-compatible mode", "wireless WLAN mode", "second 802.11 wireless LAN mode", and "802.11b WLAN mode" that are inconsistency. Correction is required.

Regarding claim 10, claim 10 recites limitations such as "second 802.11 WLAN mode", "wireless WLAN mode", and "802.11b WLAN mode" that are inconsistency. Correction is required.

Regarding claim 23, claim 23 recites limitations such as "WLAN mode", and "802.11b WLAN mode" that are inconsistency. Correction is required.

Allowable Subject Matter

1. Claims 1-5, 10-14, 15-17 and 23-25 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph and objection(s), set forth in this Office action.

The following is a statement of reasons for the indication of allowable subject matter:

The applicant's response (See Remark, page 8-10) filed on 12/26/2006, clearly states the inventive steps of the instant application.

2. Claim 15 is allowed.

The following is an examiner's statement of reasons for allowance:

The applicant's response (See Remark, page 8-10) filed on 12/26/2006, clearly states the inventive steps of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
